Vol. 46 Nos. 1–3 **MARCH 1989**

TOXICOLOGY LETTERS

An International Journal for the Rapid Publication of Short Reports on Biochemical Mechanisms of Mammalian Toxicity

CONTENTS

Proceedings of the International Workshop on Health Significance and Early Detection of Nephrotoxicity, held in Luxembourg on 26–29 April 1988

Organizing Committee v
Editorial Board v
List of Participants vi
Foreword xi
Consensus statement on the health significance of nephrotoxicity (TXL 02115) 1
Preclinical detection of nephrotoxicity: description of the tests and appraisal of their health significance (TXL 02116)
R. Lauwerys and A. Bernard (Belgium) 13
Health impact of renal disease due to nephrotoxicity (TXL 02117)
G.D. Nuyts, M.M. Elseviers and M.E. De Broe (Belgium) 31
Aetiology of nephrotoxic damage to the renal interstitium and tubuli (TXL 02118)
J.P. Fillastre, B. Moulin and S. Josse (France) 45
Contribution of immunological reactions to nephrotoxicity (TXL 02119)
P. Druet (France) 55
Abnormalities in arachidonic acid metabolites in nephrotoxic glomerular injury (TXL 02120)
C. Zoja, N. Perico and G. Remuzzi (Italy) 65
Potential involvement of renal transport mechanisms in nephrotoxicity (TXL 02121)
W.O. Berndt (U.S.A.) 77
Role of coagulation in glomerular injury (TXL 02122)
A. Kanfer (France) 83
Mechanism of nephrotoxic action due to organohalogenated compounds (TXL 02123)
E.A. Lock (U.K.) 93
Nephrotoxicity of aminoglycoside antibiotics (TXL 02124)
P.M. Tulkens (Belgium) 107
Cyclosporin A: action and side-effects (TXL 02125)
M.J. Mihatsch, G. Thiel and B. Ryffel (Switzerland) 125
Epidemiology and mechanistic basis of analgesic-associated nephropathy (TXL 02126)
N.J. Gregg, M.M. Elseviers, M.E. De Broe and P.H. Bach (U.K., Belgium) 141
Mechanisms of lead and cadmium nephrotoxicity (TXL 02127)
R.A. Goyer (Canada) 153
Cisplatin nephrotoxicity (TXL 02128)
J.P. Fillastre and G. Raguenez-Viotte (France) 163
Detection of renal disease in humans: developing markers and methods (TXL 02129)
A. Mutti (Italy) 177
Use of urinary enzymes as markers of nephrotoxicity (TXL 02130)
U.C. Dubach, M. Le Hir and R. Gandhi (Switzerland) 193
Markers of tubular dysfunction (TXL 02131)
M. Piscator (Sweden) 197
Mechanisms leading to toxin-induced impairment of renal function, with a focus on immunopathology (TXL 2132)
J.J. Weening (The Netherlands) 205
